Trustmark Universal Life Insurance with Convalescent Care Benefit

Two important coverages in one to help protect you for life.

Financial security even after a loss

Protecting your loved ones is one of life's greatest responsibilities. When a family loses someone, in addition to grief, survivors may suddenly be faced with costly expenses and debts, and even a loss of income.

Universal Life can help.

Whether you are married, a parent or single and starting out, Universal Life **helps take care** of the people important to you if tragedy happens. You can choose a plan and benefit amount that provides the **right protection for you.**

Universal Life insurance can mean those left behind can still pursue their own dreams, and help ensure that the **ending** of one story won't stop the **beginning** of another.

Universal Life sample rates

Sample ranges of weekly rates for employee-only, non-smoker coverage with convalescent care benefit. Your exact rate may depend on additional features selected by you and/or by your employer.

Age at purchase	\$25,000 Universal Life policy
65	\$25.22 - \$46.09
67	\$28.41 - \$47.44
70	\$34.58 - \$59.30

Sample rates are shown for illustrative purposes only. Rates may vary by age, smoking status, state, employer and features selected by you and/or by your employer. An application for insurance must be completed to obtain coverage.

Solving the long-term care issue

At any point in your life, you may need long-term care services, which could cost hundreds of dollars per day. Universal Life includes a **convalescent care** benefit* that can help pay for these services at any age.

Here's how it works:

4%

You can **collect 4% of your Universal Life death benefit per month** for up to 25 months to help pay for long-term care services.

The Convalescent Care Benefit is an acceleration of the death benefit and is not Long-Term Care Insurance. It begins to pay after 90 days of confinement or services, and to qualify you must meet conditions of eligibility for benefits. Your policy will contain complete details.

**Policies with issue age 71+ do not include Convalescent Care benefits*

Note: your rate is "locked in" at your age at purchase!

Once you have a policy, your rate will never increase due to age.

Universal Life is **flexible permanent** life insurance designed to last a lifetime.

The younger you are when you enroll, the **more benefit** you receive for the same premium.

No medical exams or blood work – just answer a few simple questions.

This is a brief description of benefits under IUL.205 NY and applicable riders HH/LTC.205 (I) NY, ABR.205 (I) NY, ADB.205 (I) NY, CT.205 (I) NY and WP.205 (I) NY. This policy guarantees against lapsing for 10 years (15 for Universal LifeEvents) as long as planned premiums are paid. If you make changes during this period, or pay only the minimum amount, your cash value may not accumulate, or your death benefit may reduce. If there is negative cash value at the end of your no-lapse period, you must make up the premium to establish positive cash value. You may need to pay more premium to maintain your policy than the rate you paid to keep the no-lapse guarantee, or coverage may end before age 100. An illustration will be delivered with your policy.
